Always good fun and an easy way to demonstrate your driving skill in a very safe environment. If you can find forward and reverse gear, can estimate the height, width and length of your (or a borrowed!) Morgan, this is the place for you. No previous experience necessary and open to anyone with access to a Morgan.

There will be nominal charge for entry to cover costs and there are trophies for 1st 3 places and Best Lady.

There is also a very informal Concours competition so maybe a wash and polish won't go amiss.

The Glendower Cup is awarded to the best overall combined Autotest and Concours placing.

Leyland town centre is just a short walk away and we congregate in a local hostelry for lunch!
